

NOUR SOUID

FULL-STACK DEVELOPER

PERSONAL PROFILE

Hi, I'm a junior full-stack developer. On the long term I want to provide access to legal guidance for startups in Tunisia. In the meantime, I'm looking to gain experience and try new things that challenges me and make me learn. Always seeking new projects to jump on I'd love to hear about your ideas and help you achieve your goals.

AREAS OF EXPERTISE

- RUBY ON RAILS
- ES6 JAVASCRIPT
- REACT & REDUX
- WIREFRAMES, Prototyping, UI DESIGN
- HTML & CSS & BOOTSRAP
- APIs, JSON, SCRAPING
- RELATIONAL DATABASES, SQL,
- POSTGRES
- GIT, GITHUB, TECHNICAL

EXPERIENCE

STUDENT AT LE WAGON

Le wagon | Jan 2020 - Mar 2020

9 weeks intensive full-stack bootcamp. During this period I developed projects you can see more details on my website: <https://nour-soud.herokuapp.com/>

- Prioritizing
- Being independent and take the time to search before asking
- Team Work
- Interviewed Gregory Whiteside co-founder & CEO [HumanFirst](#)

PRIVATE MATH AND PHYSICS LESSONS

My old math teacher | Aug 2019 - Dec 2019

- Giving class to a group of student
- Learned to find innovative ways to simplify complex concepts for students
- Started understanding the process of learning
- Being able to understand the confusion and direct the person to the right answer
